THE ORCHARD BAR INFORMATION

We are really looking forward to supplying the bar service for your wedding at Oaks Farm. We thought you might like to know a little more about how our bar service works.

Firstly, by making your booking with Oaks Farm, our bar service for the evening of your wedding party, is automatically included.

We offer a comprehensive range of alcoholic and soft drinks for your guests to enjoy.

For our service there is a minimum spend of £500, which if it is not reached by the end of the night has to be settled by the couple when the bar closes.

DAYTIME BAR OPTIONS

We also offer a great range of daytime bar service options for your special day.

DAYTIME BAR SERVICE

As well as automatically providing the bar service for the evening of your wedding party, you also have the option of the bar being open during the day (to open after the end of your ceremony).

This is a great option if you are working to a tighter budget or would prefer to not have to purchase the day time drinks for your guests. If you were to have the bar open during the day, the cost is £140.

For this option, we ask that the drinks you provide as part of the arrangement with Oaks Farm are limited to one type of reception drink, table wines and for your toasts.

COCKTAIL HOUR

Perfect for after your ceremony if you would like your guests to have something a little more special to get the celebrations started during your reception drinks.

Choose up to 2 cocktails and 2 mocktails (minimum of 50 cocktails)

- Cocktails £9.50
- Mocktails £5.00

Examples of cocktails we have provided in the past:

- Passionfruit Martini
- Espresso Martini
- Mojito
- Pina Colada

Please get in touch if there is a favourite cocktail you would like and we will see what we can do.

After the cocktail hour the bar would then remain open for the duration of your wedding for any further drinks your guests might like to purchase.

THE ORCHARD BAR INFORMATION

DRINKS PACKAGE

To make life easier we can provide all your drinks for your wedding reception and wedding breakfast as part of a drinks package. No need to worry about anything other than picking from our wine list!

- One glass of prosecco per guest for after your ceremony
- Soft drink option
- Half a bottle of wine per guest for the wedding breakfast
- Jugs of water on the tables
- Prosecco toast drink served before the speeches

£24 per head

Please contact us for a price if you would like to change one of the drink options.

The bar would also be open throughout your drink's reception and wedding breakfast for any other drinks your guests might like to purchase.

Please note: Once the wedding breakfast has finished and the celebrations move onto the evening party, drinks provided by the bride and groom during the day are to be stored away and collected the following day. Guests are not permitted to bring their own drinks to the evening of your wedding as we are a licensed premises. If they are found to be doing so the drinks will be stored away and returned to your guests at the end of the night.

CARD PAYMENTS ONLY

We only accept card payments behind the bar. There is no minimum spend amount.

SETTING UP A TAB

A question we are often asked is if you are able to set up a tab. The answer is yes! We have a secure card safe behind the bar and all we ask is that a card is placed behind the bar at the start of the night and the tab is settled at the end of the night. We are really flexible with how the tab works. For example, you could specify you would like your guests to have any drink available or just wine and beer. A popular option is for any drink, except doubles and shots. With regards to the amount of the tab, again this is completely flexible. For example, you may want to set a limit of £1,000 and once this is reached the bar would revert to a cash bar (ie your guests pay for their own drinks) or you may choose to extend the tab depending on how generous you are feeling!

Just let us know beforehand if you would like to set up a tab.

TOKENS

Another question we are often asked is if you can provide a drink for your evening guests on their arrival. We find the best way is to provide your evening guests with a token to hand to the bar to receive their drink. This enables us to distinguish between your day guests and evening guests. We would then set up a tab (to be settled at the end of the night). Again we are flexible on which drinks you would like available for your guests.

ALLERGIES

If you have any allergies please let a member of our team know.

IF YOU HAVE ANY FURTHER QUESTIONS, PLEASE DO GET IN TOUCH

All the best, Hayley - 07568 373430
